Wir lieben Lebensmittel.

EDEKA Märkte Ingolf Schubert has been operating very successfully in the retail sector in Waren (Müritz) and Rostock for over 18 years. From a brick-and-mortar store, we have now grown into an owner-managed, value-oriented company with six stores and two online stores, through which we also deliver the desired goods directly to our customers' homes.

With around 300 employees, we work together to create a special shopping experience in a wide variety of departments - everyday goods, florists, tobacco & post store, salad counters, baking stations and our own bistro.
